Dr. Singletary.

The District lecturer for the Farmers Alliance, addressed a number of citizens at the court house, Tuesday night, on the objects and principles of the Alliance. He spoke under great disadvantage, being very nervous, but was clear to all and under favorable circumstances he was a fluent and eloquent speaker, and earnest in his convictions.

His speech was chiefly directed to the financial distress of the country, and the remedy he thought was for the government to loan all the money needed, he contending that the stamp of the Government would make a paper dollar as good as gold.

He contended that the stamp of the Government would make a paper dollar as good as gold. He contended that the stamp of the Government would make a paper dollar as good as gold.

Humburg Politics.

Now that the "crucial war" with Chili is over, the thought of the country has enlisted into the conclusion that the talk and body of the war was not so much in the matter of the war, but in the matter of the war.

The New York World says that the President Cleveland has decided to go before the National Convention, and will endeavor to change his determination.

So, after all, these two great leaders may not be in it, and the United Democracy will go to victory under the leadership of Campbell, of Ohio, or some West man.

Cleveland for Home.

"Bayard," one of the ablest of all the Washington correspondents, writing to the Courier-Journal, says that the characteristics and abilities of the Kentucky Governor, quotes the following conversation with ex-President Cleveland.

"I met Mr. Cleveland at the White House, when he was President, and he was very kind to me. He was very kind to me. He was very kind to me.

Young Enough to Wait.

Senator David H. Hill, of New York, to a newspaper correspondent, is reported as saying: "I don't want the nomination for President this year. I am young enough to wait."

The New York World says that the President Cleveland has decided to go before the National Convention, and will endeavor to change his determination.

So, after all, these two great leaders may not be in it, and the United Democracy will go to victory under the leadership of Campbell, of Ohio, or some West man.

My Milk to Tariff Reform.

That the people of the United States are with the Democratic party on the issue of refusing tariff reduction, evidenced by the fact that 1,200,000 votes were cast for Grover Cleveland in 1888 on this issue.

The white voters, the learning, intelligence and wealth of the country, gave him more than one million majority.

Some charge that the strength of the Democratic party is chiefly in the South, but the actual figures show that Cleveland received 1,000,000 votes in the Northern States.

The six New England States gave him 333,000.

The Central States—New York, New Jersey, Pennsylvania and Delaware—the seat of manufacturing and commerce, gave him 1,200,000.

The Western States of Ohio, Indiana, Illinois, Michigan and Wisconsin gave him 1,200,000.

And yet in the face of this tremendous endorsement by the majority of the voters, the tariff is being lowered, and some are claiming that the friends who are claiming to be the friends of the tariff are the friends of the tariff.

Upshod Makes the Bank Speech.

MURRAY, Ky., Jan. 31.—Eight months ago in the Eastern portion of this country, a two-year-old boy of Samuel Knight, while appearing in the administration of justice, became epileptic, and from that day to this Saturday was never able to utter a word. About the middle of last week he was taken ill with typhoid fever, and on Saturday last his voice returned to him and he ran now talk as well as ever.
